DELAYED REPORT SPELLS TRAGEDY FOR NIPPONESE

Thousands Homeless When
Japan is Rocked by Disas-
terous Earthquake.

HUNGER CREEPS IN
Police and Military Take
Charge of Situation to
Prevent Riots.

TOKIO, Sept. 10.—Sixty
thousand bodies have been
recovered in Tokio and Yokohama
up to and including today
and the police estimate that
500,000 persons have been
treated for wounds or sickness
as a result of the earthquake.

TOKIO, Sept. 7.—(Delayed)—Ja-
pan's greatest disaster came like a
bolt from a clear sky. There was
no warning, no preliminary rum-
bling of the earth. A tremendous
shock, crashes of brick, mortar and
wood, screams and cries of the dy-
ing and fear stricken.

To add to the misery of the Ja-
panese nation great fires burst
from the quivering ruins as though
lighted by magic tinder. Frenzied
thousands who escaped death and
injury in the collapse, crowded to
the open places and into structures
that apparently were earth shock
proof. Many of them died in the
flames that quickly hemmed them
in.

Yokohama received the brunt of
the shock and rapidly spreading
flames completed its ruin. There
the buildings were of such structure
that they offered no resistance
whatever to the flames. In Tokio
the collapse of the buildings and
spreading flames bore striking evi-
dence to the immensity of the dis-
aster.

Refugees Wander Around.
But the real horror of the situa-
tion was not realized until night
when thousands of refugees wander-
ed about homeless and hungry. To
add to the terror numerous minor
earthquake shocks came throughout
the afternoon and evening. With
the fast spreading flames menacing
the city, thousands of families be-
gan a hurried exodus from their
homes. Many of the refugees who
moved their household goods to the
streets were unable to transport
them farther and were forced to
flee to save their lives. Their most
treasured possessions burned on the
pavements.

All the parks in the capital were
quickly filled with refugees who
camped in the open and watched for
what event that might next trans-
pire. Food at first seemed to be
plentiful but in only a few hours
the hunger terror came to add to
the sufferings of the distressed
people. Water also began to grow
extremely scarce and soon was be-
ing rationed by the kettifull.

In the midst of the holocaust
there was seemingly very little dis-
order. The authorities, shocked and
stunned as they were, immediately
took charge of the situation and in
a short time soldiers augmented
the police in patrolling the stricken
districts. The hungry thousands
were cheered by the announcement
that on the morrow there would be
rice as supplies from Osaka and
other ports were on the way.

Classes Suffer Alike.
While the prosperous upper
classes suffered alike with those
of lower social station, down in
the district of Honzo there was
enacted a tragedy which has seldom
been equalled. Honzo is a district
of Tokio where the direst of pov-
erty is the rule. It is hemmed in
by the bay on one side and a
river and canals on the other.

The little tinder box houses when
shaken by the earthquake immedi-
ately took fire and began to burn
with such rapidity that the major-
ity of the dwellers were unable to
escape. Crowded into the small
buildings thousands of the unfortu-
nates gasped and died in the leap-
ing flames. Other districts while
better situated, were unable to es-
cape altogether and homes of the
rich in many instances went down
in smoldering ruins.

Farther in the northeast of the
city, which is the students' quarter
of Tokio, the flames spread with
great rapidity.
In the district on the south Shi-
ba also took fire and the Red Cross
hospital was one of the first to be
attacked by the flames. Other build-
ings in the vicinity were ablaze in
a very short time.
First estimates of the disaster
were that at least 30,000 had lost
(Continued on Page Two)

Bynum Awaiting Favorable Award of Supreme Court

(By the Associated Press)
OKLAHOMA CITY, Sept. 10.—
Dr. E. T. Bynum, former executive
counselor, was waiting at the door
of the state banking commissioner's
office today in anticipation of a de-
cision from the state supreme court
which would entitle him to the of-
fice as the successor of Joe H.
Strain, deposed by Governor Wal-
ton.

In well informed quarters it was
said that the supreme court's opin-
ion had been written but that pend-
ing its release by Justice John B.
Harrison it could not be made pub-
lic.

SAILORS VICTIMS OF GROUNDING OF DESTROYER GROUP

Twenty-Three Reported Dead
When Seven Destroyers
Washed Ashore.

FLEET ON ROCKS
Injured Being Rushed to
Naval Hospital Bases
for Aid.

(By the Associated Press)
SANTA BARBARA, Calif., Sept.
10.—Twenty-three sailors dead and
15 injured; seven destroyers of the
Pacific squadron battle fleet held
fast between the rocks near Point
Arguella light in the Pacific ocean
between San Francisco and Los An-
geles. These are the outstanding
consequences to the navy marine
disaster in Pacific waters.

The injured are being nursed in
a hospital here and a train load of
survivors is headed for San Diego.
The naval base, while the seven
ships are fast approaching total
wrecks by the incessant pounding
of the surf.

The war ships went ashore while
cruising from San Francisco to San
Diego Saturday night shortly before
9 o'clock in a dense fog. Mistak-
en position in relation to the coast
line is believed to have caused the
crash. The destroyers were speed-
ing along, hugging the shore in
single formations and were piled
upon the rocks from 200 to 500
yards apart about 300 yards off
shore.

Ship Fatalities Divided
The fatalities which resulted
from the wrecks, were divided be-
tween two destroyers. Seven were
from the Delphic and the others
from the destroyer Young which
turned turtle and sank in one min-
ute and 37 seconds after she struck
the rocks. The other destroyers, the
S. P. Lee, Nicholas Fuller, Chauncey
and Woodbury went aground
nearly.

The naval wrecks came while the
destroyer Reno, a member of the
squadron, had left the cruising line
attracted by open boat loads of sur-
vivors from the wrecked steamship
Cuban. The Cuban went ashore on
San Miguel island 12 hours before
and her survivors were picked up
by the Reno. Reports indicated that
all on board the Cuban were saved
with the exceptions of Capt. C. J.
Holland, the purser and eight mem-
bers of the crew who were reported
to have remained on board to
guard a shipment of bullion. Last
night it was reported that the Cu-
ban had parted and sunk.

WASHINGTON, Sept. 10.—The
theory was expressed today by high
naval officials that a tidal wave or
other seismic disturbance originating
from the Japanese earthquake caused
the disaster to the destroyer di-
vision off the California coast yes-
terday.

ECLIPSE MAKES ITS SCHEDULED APPEARANCE

At 3 o'clock this afternoon when
the last touches were being put on
the News, the eclipse of the sun
was in full swing with about half
the face of the great luminary hid-
den by the moon which was slowly
encroaching on his brightness. Ac-
cording to announcement the
eclipse was to be almost total here.

JURYMEN DRAWN FOR GRAND JURY

Air of Mystery Prevails Over
Investigation Due for
County.

An air of mystery continued to
prevail in the corridors of the
courthouse building while specula-
tions were rife as to the possible
matters up for investigation before
the grand jury to swing into ses-
sion Wednesday morning.

Summons for jurymen to con-
duct the secret investigation had
been served and returns received
for all but seven of the 24 names
drawn. One name drawn for jury
service had been excused from the
jury panel.

While no definite information
could be obtained concerning the
probe into affairs in Pontotoc coun-
ty, it has been authoritatively stat-
ed from official sources that alleged
lawless conditions at Roff will be
investigated.

Following is the list of jurymen
drawn for service on the grand
jury and from which will be se-
lected the twelve to conduct the in-
vestigation: Tom Comstock, I. J.
Haggall and W. H. Allison of
Stonewall; T. J. Chambliss, R.
H. Bryant, T. N. Nickell, Graves
John, A. T. Keltner, E. A. Allen,
L. L. Conlee, A. H. Davis, J. L.
Melton, H. J. Young, C. H. Massey,
J. L. Jackson, G. E. Branscome, L.
A. Ellison, W. Vandergriff and
John Cantrell of Ada; John Ed-
wards and C. E. Johnson of Stead-
man; C. H. Brandon, Thom L. Ivey
and B. Jordan of Roff.

Pilgrims go about the churchyard
on their knees and bathe in a
fountain as a preventive against
rheumatism near the chapel of St.
Laurent-du-Pouldour, in southern
France.

NOTICE MASONS

Ada Lodge A. F.
& A. M. will meet in
called communication
tonight for work on
the Fellowship de-
gree. All members and officers urged
to be present. Visitors are cordially
invited.—M. O. Matthews, W. M.

Ada Assumes Dignity

Ada has assumed the dignity of
the city.

No longer can the peace-loving
pioneer amble carelessly down
Main street in his gas wagon and
at the same time enjoy with safety
the window displays of the resident
merchants.

Traffic jams, street cops, stop
signals and all the effrontery of
the city is in vogue in Ada on
Saturday nights.

Police Chief Wick Adair turns
all guns to heed needs of traffic
protection on the weekly busy night
in Ada.

Policemen assume the responsi-
bility of traffic protectors on these
busy Saturday nights and can be
seen at any time between the hours
of seven and ten on principle
street corners where the possibili-
ties of automobile accidents are
more acute.

FIFTY REPORTED KILLED IN INDIA EARTHQUAKE

(By the Associated Press)
LONDON, Sept. 10.—Fifty per-
sons are reported to have been killed
or injured in an earthquake
which shook Calcutta today, says
an Exchange Telegraph dispatch
from that British Indian city. Re-
ported casualties occurred in the
Nymensingh district where many
houses collapsed.

Read all the ads all the time.

ATTENTION COLLEGE AND HIGH SCHOOL STUDENTS

In order to assist those
boys and girls who are at-
tending the East Central
Teachers College and the Ada
High School who need work,
The Ada Evening News will
run free of charge for them
classified advertisements for
this week. If you are a col-
lege or high school student
and need to work part of the
time, come to the News office
and get your advertisements
going. This offer ends with
Friday's paper.

ODD FELLOWS TO HOLD CONFERENCE

Cincinnati Prepared to Spend
Thousands on Entertain-
ment Program.

(By the Associated Press)
CINCINNATI, Sept. 10.—Thou-
sands of visitors and delegates are
expected here during the week of
September 17 in connection with
the triple convention of the va-
rious branches of the Independent
Order of Odd Fellows, the Sover-
eign Grand Lodge, the General Mil-
itary Council and the Association
of Rebekah Assemblies of the
World. Cincinnati lodges are rais-
ing a fund of \$50,000 for the
purpose of entertainment.

Detroit Odd Fellows have made
hotel reservations for 1,100, and
more than 1,000 are coming from
St. Paul and Minneapolis. Toronto
members have reserved accommo-
dations for 600, and orders for re-
servations have been coming in
from all parts of Canada and the
United States for blocks of from 50
to 500. Thousands of Cincinnatians
will throw open their homes to ac-
commodate those who cannot be
taken care of at the hotels.

Prize offers aggregating \$15,000
for degree competition and drills
have tended to induce entire lodges
to come here for the convention
many of them arranging to bring
their own bands. These may reach
a total of 30. With approximately
20 local bands, the visiting organi-
zations will take part in the grand
parade on Wednesday, September
19. The 147th Regiment Band, a
world war organization, has been
engaged as the official musical or-
ganization for the convention.

The program includes address-
es by a number of prominent persons.
A dinner tendered by the local
committee to the I. O. O. F. Inter-
national Press Association will be
a feature of the opening day.
There also will be a public recep-
tion to Lucian J. Eastin of St. Jo-
seph, Mo., Grand Sire, and other
officers and representatives of the
Sovereign Grand Lodge. Mr. Eastin
has recently returned from Europe
where he studied the condition of
European Odd Fellowship, which is
under the jurisdiction of the Sov-
ereign Grand Lodge, and will make
a report to the convention.

Man Shoots Wife and Barricades Against Arrest

(By the Associated Press)
BELLEVILLE Ill. Sept. 10.—W.
C. Cochran, 40 years old, today
shot his wife and mother-in-law
and when a squad of policemen sur-
rounded his house he opened fire
on the officers and seriously
wounded two of them. Police have
appealed to St. Louis for re-inforce-
ments and a gun squad from there
is enroute.

Cochran is barricaded in his
home and apparently is amply sup-
plied with ammunition. The wound-
ed policemen have been taken to
the hospital.

Cochran's wife is lying in the
front yard and police are unable
to reach her today. From a distance
it appears that she is dead.

RECORD SCHOOL ATTENDANCE IN VIEW FOR YEAR

City Schools Show Heavy
Attendance Increase
for Year.

ALL WARDS INCREASED

Heavy Enrollment Increase
at College Seen for
School Year.

The proverbial school bell rang
out merrily this morning and a
record attendance responded to the
first call for the opening of Ada
city schools as well as the East
Central State Teachers college.

With every accommodation ac-
counted for in the extensive pro-
gram of school authorities during
the summer months, no detail was
lacking in the opening of city
schools this morning.

While classification and enrollment
matters occupied the attention of
school heads this morning, all de-
tails have been handled in such a
manner that the customary delay
in the opening of city schools will
not be encountered.

A statement from City School
Superintendent J. E. Hickman reveal-
ed that a heavy increase in attend-
ance greeted teachers in each of
the wards in the city. Hickman
stated that the increase at the pre-
sent time would surpass the attend-
ance figures at the close of the first
month of school last year.

While present figures for attend-
ance in city schools stand at a
new record of 2141, this total is
expected to be increased by ap-
proximately 300 students before the
close of the first month of school.

The enrollment increase is espe-
cially noticeable in the high school
where 425 students packed the au-
ditorium of the high school build-
ing this morning for classification.
Hickman stated that he expected the
enrollment for the high school to
reach a goal of 500 students be-
fore the close of the first month.

Heavy College Enrollment.
The East Central college enroll-
ment is proving most satisfactory
to those interested in the growth
of the institution. President A. Lin-
scheid stated today and receiving the
influx of a record enrollment from
all parts of the district.

Figures for the present enroll-
ment in the college were not avail-
able but will total an increase of
fifteen to twenty percent over the
same period of last year.

The material increase in the col-
lege enrollment is not an influx of
students from Ada but claims an
attendance from the entire district
territory, according to President
Linscheid.

With the enrollment of students
practically completed this morning,
classification work was slated to
be completed this afternoon and all
details removed for the proper
functioning of classes tomorrow.
While enrollment at the college is
expected to continue during the
month, class work will not be in-
terfered with after today, Lin-
scheid states.

President Linscheid announced
that while repair work is being
continued on the roof of the adminis-
tration building which was dam-
aged by fire recently the work at
the college would not be interfered
with.

NATIONAL GUARD WILL DRILL AT COUNTY FAIR

Ada units of the national guard
have been doing some extra drill-
ing in preparation for the county
fair. A drill will be a feature of
at least one day and some of the big
guns may be brought out and fired
as part of the entertainment.

WALTON DEMANDS KLAN PARADE AT COMANCHE STOP

Governor Orders Sheriff of
Stephens County Swear
in Deputies.

CONSIDERS CHALLENGE

Executive Declares Military
Arm to be Used if
Necessary.

(By the Associated Press)

OKLAHOMA CITY, Sept. 10.—
Adjutant General Baird H. Mark-
ham was instructed today by Gov.
Walton to prepare orders to hold
the Oklahoma National Guard units
in readiness for immediate move-
ment in connection with advertised
Ku Klux Klan demonstrations at
Bristow tonight; Comanche tomor-
row night; Billings, Wednesday
night; and Checotah Thursday
night.

If civil authorities fail to pre-
vent or disperse the parades of
masked men in these cities Gov.
Walton declared he will send the
military forces to the counties.
These counties, he said, would be
threatened with disorder and riot
if the demonstrations are held.

OKLAHOMA CITY, Sept. 10.—
Gov. Walton today ordered the
sheriff of Stephens county to swear
in extra deputies to prevent a pa-
rade of the Ku Klux Klan which
the governor has been informed
will be held tomorrow night at
Comanche. The executive declared he
will use the national guard if the
civil authorities are unable to pre-
vent the demonstration.

The governor's order follows
closely his statement of Saturday
at Ardmore that a masked demon-
stration in Oklahoma will be the
signal for the declaration of martial
law in the community in which it
takes place.

In his communication to the
Stephens county sheriff Gov. Wal-
ton said he is convinced that the
masked demonstration at Coman-
che would assume the proportions
of a riot.

"The atmosphere at Comanche
demands drastic measures," said
the governor.

Gov. Walton also let it be known
that his investigators are inquir-
ing into the purported announce-
ment that the Ku Klux Klan will
hold a public initiation and other
ceremonies at Checotah Thursday.
Checotah is in McIntosh county
where alleged acts of mob violence
long have had Gov. Walton's atten-
tion.

TRADE TERRITORY NOW DEMAND COUNTY ROAD

A good highway to Pontotoc and
Connersville is badly needed, accord-
ing to reports coming to Ada. E. O.
Rogers, who lives here, has cir-
culated petitions in these two cit-
ies and has more than 200 signers,
asking the commissioners to open
up and put in good condition to
these two places, saying they want
to get to Ada.

Mr. Rogers, who formerly lived
in that section, explains that the
citizens want to make Ada the
trading point, but it is almost im-
possible for them to get here now
on account of the roads.

Another reason why a road that
way should be constructed is to
complete the north and south high-
way by way of the new bridge
which is going in. A good highway
from Tishomingo to Texas is al-
ready in existence. If the connec-
tion through this county and the
upper part of Johnston is made,
this will be the best route from
the northern states to Texas and
the Gulf region.

RUHR INHABITANTS TOLD CEASE PASSIVE RESISTANCE

(By the Associated Press)
LONDON, Sept. 10.—The popu-
lations in the occupied areas of
Germany have been ordered to dis-
continue their passive resistance to
French and Belgian authorities, ac-
cording to the Central News cor-
respondent in Berlin.

Many Killed in Wreck.

(By the Associated Press)
ROANOKE, Va., Sept. 10.—Be-
tween seven and 10 persons are re-
ported to have been killed and
others injured today when a Nor-
folk and Western freight train
plunged into an open switch and
landed in a rock quarry a few miles
north of here.

BETTER HIGHWAY FACILITIES NOW

Over 700 Miles of Hard Surfaced Roads in State, Latest Report.

(By the Associated Press)
OKLAHOMA CITY, Sept. 10.—There are now about 700 miles of hard surfaced state roads in Oklahoma, according to compilations made by the state highway department. The 700 miles represents highways outside the city limits.

Motorists of the state, during the first eight months of this year, paid in automobile license fees an amount approximately equal to \$200 for every mile of hard surfaced roads. Figures for last year and previous to that time are not included.

More than half of the 700 miles was built with federal aid appropriations, the highway department figures showed. The exact mileage was placed at 471.4, all of which has been completed, of the 471.4 miles in which the national government assisted, 280 miles are hard surfaced roads of gravel type, 137 of concrete and 46 of concrete with asphalt covered top.

Tulsa county constructed 137 miles of concrete highway outside city limits, 64 miles of which was with federal aid.

The remainder of the federal aid projects were of miscellaneous types, macadam with gravel tops or a macadam with shale type pe being the most popular, according to the report. Some were constructed of natural gravel.

Two hundred and twenty-five miles of hard surfaced state roads have been built without federal aid. Sixty-three of these are of concrete, 120 of gravel, 11 of brick and 4 of asphalt. The remainder are of various types.

Virtually every type of highway construction may be found within the state's boundaries, according to the department.

Automobile license fees this year, which have paid the approximate \$200 per mile construction contribution, amount to \$3,073,054.25. Ten percent of this amount is first devoted and applied to the general revenue fund. The remainder is allotted to the state roads on a 50-50 construction and maintenance plan.

In addition to automobile fees there is a 1-4 mill levy collected by the state for use in the construction of state roads. None of this levy may be spent in maintaining state highways. During the last fiscal year the 1-4 mill levy brought \$418,985.43 into the highway department's fund. That collection was slightly under the amount for the previous fiscal year, it was stated.

Oklahoma's recently inaugurated tax of one cent a gallon on gasoline which brought in \$1,700,000 during

its first two months, probably will bring an additional \$1,500,000 annually, it is estimated.

Among the leaders in counties which have been active in building state roads the highway department cites the following counties: Tulsa, Muskogee, Oklahoma, Okmulgee, Washington, Bryan, Stephens, Carter, Choctaw, Cleveland Creek, Garfield, Kay, Latimer, LeFlore, McCurtain, Okfuskee, Pittsburg, and Ottawa.

OBITUARY

MRS. CHARLES W. EDSALL

Mrs. Charles W. Edsall, age 50 years, died at the family home, 318 West Fourteenth street, at 7:45 Sunday morning following a three-months illness resultant from cancer of stomach.

Funeral services were held this afternoon at 2 o'clock at the family home with Reverend J. H. Ball, pastor of the first Methodist church officiating. Interment services were held at the Rosedale cemetery.

The deceased and her husband were pioneer residents of Ada coming here in the infancy of the city. She is survived by her husband, Charles W. Edsall and five children, Edgar, Faye, Gene, Mrs. Marie Duke and Mrs. Joe Hensley, all of whom reside in Ada and were at the bedside of the deceased at the time of the death.

MRS. EARL GRAHAM

Mrs. Earl Graham died at the family home, 2 miles east of Pecos, Sunday night at 11 o'clock after a short illness. Funeral services and interment will be held this afternoon at 4 o'clock at the Rosedale cemetery.

Vernon W. Surratt, small son of Mr. and Mrs. W. W. Surratt died at the family home 710 North Mississippi avenue at 7:45 Saturday evening.

Funeral services were held Sunday afternoon at the family home with Reverend J. H. Ball officiating. Interment was held at the Rosedale cemetery.

DELAYED REPORT

SPELLS DISASTER

(Continued from Page One)
their lives and innumerable thousands injured. It was believed that more than 2,000,000 were homeless and that Yokohama had been completely destroyed and that three-fourths of Tokio laid waste.

WASHINGTON, Sept. 10.—Reporting that an epidemic of fever had broken out at Tokio, Ambassador Woods in a cable to the state department today said it was imperative that \$1,000,000 of American Red Cross funds be placed immediately at the disposal of its relief committee in Japan for the quick purchase of medical supplies and food from nearby points.

EMPRESS' EFFECTS GET \$10,000 AT AUCTION

(By the Associated Press)
LONDON.—Members of England's oldest and highest families stood with almost tearful eyes when the once priceless effects of the late Empress Eugenie of France were sold under the hammer at ridiculously small prices, but still beyond their impoverished purses. The goods sold were principally her late majesty's dresses, slippers, gowns, laces and furs.

Most of the stuff was bought by dealers, although some of the former empress' servants and followers were able to buy small articles. The hundred and sixty lots brought about \$10,000 which would hardly have paid for one of the court gowns worn at the royal festivities in the days of splendor.

A lot of rare Alencon lace brought \$1,115 and a fur stole \$525. A beautiful rug into which was woven the royal cipher with the arms of Spain and France, given to the empress on her wedding day by the carpet makers of Seville, was bought by a Frenchman and will be presented to a French Museum. It is supposed to have been on this rug that the Emperor Napoleon III and Empress knelt when they received the blessing after their marriage.

ENID.—Everything will be free at a community life and agricultural institute which opens here September 13 for three days under the auspices of the Chicago, Rock Island and Pacific railroad, motion pictures and music will be two of the chief attractions. Forty speakers are on the program. The institute will be held during the Enid celebration of the opening of the Cherokee strip.

KNOX

Our Sunday school has been progressing nicely. Everyone seems to have a little pep, and aim to take part and help to keep the Sunday school going.

Quite a crowd came out to the pie supper altho the cloud came up and several went home. It brought \$23.43. The singing school was well attended and every one certainly appreciated Mr. Ashmore teaching the school and wants him to come back again.

Brother Ragland of Ada preached his first sermon for us Saturday night. He will be our pastor for another year. We are glad to have him with us. He will preach every first Saturday night and Sunday in each month. Only a few came out to church Sunday because of the rain.

Mr. and Mrs. Joe Bob Hooten attended church at this place Saturday night.

Mrs. Kate Willhite spent Saturday with her sister Mrs. Bute, Whiteaker of Ada.

J. O. McMinn of Pickett attended the pie supper Friday night. Miss Maud Laughlin, spent Friday evening with orCa Cleghorn.

Miss Bessie Rigby took supper with W. W. Steward and family Sunday night.

Mr. Choat and Harriet Burnett spent Sunday with Mr. Steward.

Theodore Watson and father of Ada spent Sunday evening in Mr. T. J. Rigby's home.

Brother Oliver has come back to Knox and will hold another meeting for us this week.

Mr. Ragland took dinner with Mr. Crockett and family Sunday. Miss Ola Christian of near Lightning Ridge spent the week end with T. D. Goodpasture's family.

We have organized a singing class and will have singing every Sunday night. Every one come out and take a part.

SEIBERLING CORDS ALL-TREAD TYPE

ASK YOURSELF—Why are more than twice as many people buying SEIBERLING CORDS this season than last? The next time you stop to "GAS" with us, let us show you.

An Income Paying Investment

MANY PEOPLE habitually think of income paying investments as something beyond their reach. If they only knew how simply they, too, could accumulate property, they would start immediately to become financially independent.

Those who get ahead in the world use part of their earnings to buy productive wealth.

The door is open to you the same as to every one else—whether you earn \$100 a month or ten times this amount. Are you willing to admit you cannot save \$5 a month?

Nowadays you can become one of the owners of a great business institution, and put that organization to work for you.

Dividends that have been paid promptly on time for many years—not those merely promised—are the kind you want.

Read a little story by a married woman who awoke to the fact that she and her husband were not progressing, but only continuing. Her problem was the same as your problem. How did she solve it? Send in the coupon and receive a copy of our new booklet "The Woman in the Case". Do it now.

OVERSIGHT IN GIVING CREDIT

Sunday's paper contained an account of the very successful bridge and 42 party given at the Harris hotel under the auspices of the U. D. C. The ladies had intended to mention the fact that they were greatly indebted to Mr. and Mrs. McFarland for their courtesies in connection with the affair, but in some way it was overlooked, much to their regret, for they felt under considerable obligation to the proprietors of the hotel.

Woman Choral Club Meeting

A meeting of the Woman's Choral Club will be held Tuesday afternoon at four o'clock at the Christian Church. The Club has been asked to take part in the musical programs to be given during the reunion next week and it was decided to use a number of the good old-fashioned songs in two part work. Every woman in Ada who sings is invited to take part and be a permanent member of the organization. The old members will please bring the copy "Love's Old Sweet Song."

WANTED—Your mattress work: cotton or feathers. Phone 170. Ada Mattress Factory, 400 East Twelfth.

NAVY DAY PLAN MEETING FAVOR

Roosevelt Promises Assistance of Navy in Perpetuating Observance Day.

WASHINGTON, Sept. 10.—With the approval of the Navy Department, the Navy League of the United States is planning another "Navy Day," when it hopes to center the country's attention on its defenses by sea. The celebration will take place October 27.

This letter from Acting Secretary Roosevelt to Robert W. Kelley, president of the League, promising the co-operation of the Navy Department in making the day a success, was made public today at the League's headquarters:

"My dear Mr. Kelley:
"I am delighted to learn that you are planning to hold Navy Day again this year. What you did last year was a real patriotic service. "It is the right of our people to be fully informed on the vital problem of national defense. The Navy is our bulwark. Behind its protection our people are able to carry on their lives, develop their ideals, and live in the righteous peace we so earnestly desire.

"It is the right arm of our State Department, and translates our national pronouncements from empty words into statements that must be given the most serious consideration by all. Whereas we are all working for every legitimate economy in government, we should never let a penny-wise, pound-foolish policy govern our naval establishment.

"The Department will gladly co-operate with you and help in any way to make the people realize their vital interest in the Navy.

"Every man and woman of the United States, especially those with children, should make it their business to see that our Treaty Navy is adequately and properly maintained. Very truly yours,

"THEODORE ROOSEVELT."

In a letter to Mr. Roosevelt, Mr. Kelley declared the purpose of the celebration was to clear up "much confusion of thought" about the navy.

"Our army and navy have been denounced as symbols of war, their officers and men its advocates," wrote Mr. Kelley. "This is not true. All classes are united in a desire for peace. None desire it more than army and navy men, our own brothers and sons, who realize more keenly than others the horrors of war and seek only the strength that will maintain peace—the peace of honor and justice, which is the only peace America should ever tolerate.

"We believe that the way to maintain that peace is to have sufficient strength to insure respect for our voice in the councils of nations. We believe in limitation of armaments by international agreement, but not in limitation of armaments by solitary example. Knowing that arms have made and kept us a nation, we are unwilling to trust our liberties to others who remain armed and may seek their own selfish ends.

"The Navy League appeals to no party and to no special interests. It speaks only in the interests of America, a nation whose ultimate existence, as well as the peaceful existence of every citizen, is dependent on the protection of armed force. No generation of Americans since the first colonists touched our shores has escaped war and there is no evidence as yet that human nature has changed to the extent that wars can be no more. In fact the present state of the world would lead to quite the opposite conclusion."

All-Star Cast in Production, "The Night Rose"

An all-star cast will be seen in the new Goldwyn production, "The Night Rose," by Leroy Scott, which will be shown at the American Theatre, for two days beginning Monday.

A list of their names vouches for one of the best acted pictures that has been seen at the American Theatre in some time. Lon Chaney, as a king of the underworld; Betty Schade as his discarded sweetheart; Leatrice Joy, who is in love with an innocent henchman, played by Cullen Landis. Other well known players in the cast are Richard Tucker, John Bowers, Mary Warren and Edythe Chapman.

The climax of the picture takes place in a magnificent ballroom, where the underworld czar is about to dance with his new "girl." But in order to get her finance out of the way, he has had him shot. Though this turns out not to be fatal, it nerves the girl to the point of appearing at the ball with the intention of taking the gangster's life. How her aim is thwarted but her intention carried out by another, forms one of the most exciting moments in a picture with thrills.

All of the incidents in the story are founded on actual happenings that have come to the attention of Leroy Scott, the author, while he was engaged in doing social service work in several large cities.

Porterfield Says He Keeps A Bottle Handy

"Tanlac put me on my feet two years ago, and since that time I have not been without a bottle of it in the house," is the matter-of-fact statement of N. S. Porterfield, automobile mechanic, 312 North Bell St., Shawnee, Okla.

"Several months of bad indigestion put me in a general run-down condition; in fact I was in such a fix that I feared I would have to quit my work altogether. My appetite was not good, food disagreed with me, I was badly constipated, and would get dizzy-headed often

and have dark spots before my eyes.

"Three bottles of Tanlac gave me a fine appetite, made me sleep like a log and put my nerves in good shape, while my health in general is wonderfully improved. In fact, it has put me back on my feet completely. Tanlac is some system builder."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere. Adv.

BIBLE THOUGHT FOR TODAY
JUST AND RIGHT:—A God of truth and without iniquity and right is he.—Deuteronomy 32:4.

SCHOOL TIME AGAIN

Today the teachers and public school pupils started on another nine months plan of work. To the teachers it means an opportunity to render service to the community in general and individual pupils in particular. To some of the pupils it means a golden opportunity to prepare for future usefulness; to others it means nine months of seemingly useless grind.

America is the land of opportunity, made so more from her public schools than from her natural resources. An intelligent public is essential to a democracy, and efficient public schools are essential to an intelligent public.

Ada is especially blessed with good schools. The state does not produce a better system. And while we have better teachers than the other cities, even their work can be made better by the co-operation and good will of the patrons.

Now that school has started again parents will hear many complaints from their children about their teachers. They should by all means give close attention to these tales of woe and then at once launch a crusade to get the scalp of the offending teachers. Such a teacher could get a job nowhere else and would have to quit the profession entirely, thus receiving well merited punishment for daring to offend the tender sensibilities of little Johnny or Lizzie. Having been a teacher for several years we know that it is impossible for the children to be wrong. It is the teacher who is wrong and generally his or her conduct is due to pure cussedness and the complaining children should be given sympathy in every instance. Always avoid the teachers, never ask for their version of a matter and by all means lambast the teachers and go down the street spreading the glad news. It will promote harmony all the way round and make the pupils obedient and studious and develop them into brilliant students and law abiding citizens when they finally get out into the world.

Fate sometimes plays queer pranks. Recently in New York a Hungarian princess died while downstairs an officer sat waiting to levy an attachment against her paintings and other property to satisfy a judgment for more than \$200,000. This princess had been very popular in her day and had painted a number of the crowned heads of Europe and some American celebrities, including President Roosevelt. The war caused the loss of her European estates and the woman who only a few years before had lived in such style that her annual expenses were \$80,000 was in want. The other extreme was the death at almost the same hour of an American working girl who had been the wife of a millionaire and then the wife of a Greek prince. She possessed millions and even the proudest of royal families of the continent called during her illness. Such is life.

Mussolini, the premier of Italy, has expressed his surprise that public sentiment in the United States has been decidedly against his high handed action against Greece. He had somehow formed the idea that the United States would approve heartily of his methods and his feelings are hurt because this country has taken a different view of the matter. The United States has long had a reputation for fair dealing with little nations as well as strong ones and if Mussolini's sense of justice were more acute he might have realized from the start that his methods are far from being in accord with this nation's idea of fair play.

The Japanese earthquake was one of the greatest disasters in the history of the world, costing thousands of lives and billions of dollars in property values. It is a staggering blow to those who owned property but in the end will likely result in rebuilding the devastated cities on a greater scale than ever. Chicago would not be the city it is today had not the great fire of half a century ago wiped out the cheap buildings of the day and made room for the sky scrapers that now form an important part of the city.

Now it is reported that Germany and France are about to reach an understanding. They have had a hard tussle of it since the French and Belgians occupied the Ruhr and it has cost both sides a lot of money and thousands of German civilians have suffered as a result of the policy of passive resistance put into effect by the German government.

The supreme court, it is rumored, will hand down a decision today, that the governor had the right to Fire Joe Strain from the job of banking commissioner, hence Joe is out in the cold and Doc Bynum is back to the pie counter again. Thus goes the game of off again, on again.

The Wichita Falls Times of Sunday carries an illustrated page story of the schools of that city. Dr. J. W. Cantwell, for five years president of the A. and M. college of Oklahoma, is the superintendent of the system.

Let a NEWS WANT AD get it for you.

URGENT CHANCE BE GIVEN FARMERS

Seed-Wheat Association Seeks Seed Supply for Needy Producers.

(By the Associated Press)
TOPEKA, Kans., Sept. 10.—"Take a Chance With the Farmer" is the slogan of the Central Seed-Wheat association, organized for the purpose of supplying seed wheat to needy farmers of 14 counties of southwestern Kansas who have suffered reverses because of drought for two years.

The association, chartered as a "non-profit" corporation, expects to furnish at least 300,000 bushels of seed wheat, requiring a fund of approximately \$300,000 to finance it. Investors have been invited to speculate on the 1924 wheat crop on the one-fifth crop share basis. In good years the district has produced as high as an average of 20 bushels of wheat to the acre. On such a yield, the investor therefore would receive as his share four bushels for each acre, or—upon a basis of dollar wheat—\$4 on an investment of 50 cents, a half bushel of seed wheat being required to seed an acre.

The district has a ten year average of 12 bushels to the acre, which would return the investor—on a dollar per bushel basis—\$2.40 per acre, or \$4.80 for each dollar invested.

Should a crop failure again visit the district, the investor would lose his entire investment. In such a case, the farmer is not obligated to pay.

This method was instituted by representatives of a number of business men's organizations—bankers, millers, etc. J. C. Mohler, secretary of the Kansas state board of agriculture, was chosen presi-

dent; Harry Sharp, Topeka, secretary of the Associated Industries of Kansas, secretary, and Carl J. Peterson, state bank commissioner, treasurer. The officers serve without pay. Virtually the entire amount has been pledged and all the counties in the drought area, through their boards of county commissioners, have accepted the plan. The county board with two farmers selected by it serves as a local agency in each county to distribute contracts and seed wheat. Each farmer will be furnished seed wheat up to 50 per cent of his customary acreage.

"CHILDREN OF DUST" IS PERFECT ENTERTAINMENT

In "Children of Dust," the current offering at the McSwain Theatre, Frank Borzage has come nearer to equalling his immortal picture, "Humoresque," than in any subject since that memorable screen classic.

"Children of Dust," with its living characters, is truly a page from the book of life. It is a human story of real people. The story is of Terriwilliger and the lad's love for Helen Livermore, a wealthy girl. He has a rival, Harvey Raymond, another wealthy child. Old Archer cartaker of a New York estate, plays an important part in the romance. While the story opens with several childhood incidents which have a vital bearing on the tale, most of the action takes place twelve years later. In the sacrifices for love, and in the romance, Borzage mirrors the very essence of life.

The picture throbs with action, comedy and the wistfulness of human incidents which make life worth while. Borzage has instilled into "Children of Dust," which is a First National picture, all of the pathos, humor and romance of "Humoresque" in greater measure. An evening of perfect entertainment is assured those who attend the McSwain Theatre today.

Johnny Walker is well cast as Terriwilliger, while Pauline Garson and Lloyd Hughes live their respective parts as Helen Livermore and Harvey Raymond. Bert Woodruff is superb as Old Archer, and

Frankie Lee, Josephine Adair and Newton Hall splendidly portray the leading characters as children.

Gotcher Home Destroyed
Fire of unknown origin destroyed the home of Mrs. J. P. Gotcher, 339 West Seventeenth street, Sunday morning shortly after 3 o'clock. The flames had made such headway before the alarm was turned in that the firemen were unable to check the fire until it had virtually destroyed the house. The loss was partially covered by insurance, it is stated.

Taxes Low on Channel Islands.
LONDON—The Channel Islands are getting better and better every day from the point of view of the earthly bachelor. Here there is no income tax, no corporation tax, only a nominal state tax, no early closing laws, no prohibition, and now the legislature has refused to pass a bill which would allow women over the age of 50 to sit as members of the House of Deputies.

Attention Music Lovers

Do you know that you can have a fine Player "Made in Ada" from your old Piano?

Don't fail to see and hear the one I now have on exhibit at the PURITAN CANDY KITCHEN, 206 E. Main St. at which place I will demonstrate from 7 to 8 p. m. for a limited time, and gladly estimate the cost of making a Player for you, and shall also be pleased to take your order for Piano Tuning and sell you some select rolls for your Player—the musical kind. "BISHOP-BUILT" Players are different, and after you hear this one, quite likely you will want one, so order soon if you want one this fall.

I offer this Player with bench and \$25 worth of rolls for \$485, terms or \$388 spot cash—also have a good FISCHER Piano (not a player) for \$130, terms or \$98 spot cash and a big Columbia Graphophone and several things to trade for used Pianos.

At Your Service,
R. C. Bishop

OKLAHOMANS STRONG ON COLLEGE WORK

(By the Associated Press)

OKLAHOMA CITY, Okla., Sept. 7.—Only five states in the Union exceed Oklahoma in the percentage of total population enrolled in colleges according to a bulletin issued by the Bureau of Education of the United States.

In Oklahoma eight of every 1,000 persons are going to college, the bulletin says. Kansas and Oregon with 10 in every 1,000 and Nebraska, South Dakota and Massachusetts with nine in every 1,000 are the states which rank above Oklahoma. The District of Columbia has a better record than any of the states with 22 persons of every 1,000 attending higher educational institutions.

Men teachers are declining in number throughout the country, their numbers having decreased more rapidly during the last thirty years, according to the bulletin. Oklahoma has a greater percentage of male teachers than the national average, the latter being 12 percent of all the teachers, while Oklahoma has 19 percent among its faculties. States with higher percentages of men teachers are largely rural, such as Arkansas, Utah, Tennessee, Mississippi, Kentucky and Alabama.

Nearly three percent of the children of kindergarten ages, 4 to 6 years, are enrolled in this state, the bulletin says. Only five states make very good showing in this class and Oklahoma ranks 32d with 2.9 percent.

Oklahoma has \$55 invested for every student attending schools in the state. The \$55 record, however, is far below the national average, which is given at \$112. The "Sooner" state ranks 39th in this division.

The state drops far below the national average in the amount of state aid supplied to the local or county school boards by the state. The average for the United States was given as 18 percent. The state government of Oklahoma bears 8 percent of the school expenses, the bulletin says.

In the daily cost of maintaining schools, Oklahoma is slightly under the national average, which was given as 23 cents for each pupil. In Oklahoma the state was spending 21 cents for school maintenance.

Teachers salaries in Oklahoma are about \$100 below that of the nation, according to the bulletin. National statistics are for the year 1919-20, which are the latest complete figures available. At that time the national average was \$871 a year for the average school teacher and Oklahoma was paying an average of \$786. Since the 1919-20 school year, it is estimated that Oklahoma is paying about \$100 more annually in salaries per teacher, but the national average is also known to have increased.

Oklahoma pays more per capita of the total population for its education than does the remainder of the nation. The state, which ranks 23d in this respect, pays \$11.29, against a national average of \$9.80. Oklahoma, however, is not paying in proportion to its per capita income, the bulletin states.

Largest classes are found in grade schools, with senior high schools having the smallest classes. Junior high schools have larger classes than senior highs but they are smaller than classes in the grades. Nevada is the first state in the Union with the smallest number of pupils for each high school teacher. Oklahoma is twentieth.

We have a good attendance in school during this pleasant weather.

Our boys won in the baseball game Saturday with Homer. The score being 9-8. They also won in the game Sunday with Byng.

OKLAHOMANS STRONG ON COLLEGE WORK

(By the Associated Press)

OKLAHOMA CITY, Okla., Sept. 7.—Only five states in the Union exceed Oklahoma in the percentage of total population enrolled in colleges according to a bulletin issued by the Bureau of Education of the United States.

In Oklahoma eight of every 1,000 persons are going to college, the bulletin says. Kansas and Oregon with 10 in every 1,000 and Nebraska, South Dakota and Massachusetts with nine in every 1,000 are the states which rank above Oklahoma. The District of Columbia has a better record than any of the states with 22 persons of every 1,000 attending higher educational institutions.

Men teachers are declining in number throughout the country, their numbers having decreased more rapidly during the last thirty years, according to the bulletin. Oklahoma has a greater percentage of male teachers than the national average, the latter being 12 percent of all the teachers, while Oklahoma has 19 percent among its faculties. States with higher percentages of men teachers are largely rural, such as Arkansas, Utah, Tennessee, Mississippi, Kentucky and Alabama.

Nearly three percent of the children of kindergarten ages, 4 to 6 years, are enrolled in this state, the bulletin says. Only five states make very good showing in this class and Oklahoma ranks 32d with 2.9 percent.

Oklahoma has \$55 invested for every student attending schools in the state. The \$55 record, however, is far below the national average, which is given at \$112. The "Sooner" state ranks 39th in this division.

The state drops far below the national average in the amount of state aid supplied to the local or county school boards by the state. The average for the United States was given as 18 percent. The state government of Oklahoma bears 8 percent of the school expenses, the bulletin says.

In the daily cost of maintaining schools, Oklahoma is slightly under the national average, which was given as 23 cents for each pupil. In Oklahoma the state was spending 21 cents for school maintenance.

Teachers salaries in Oklahoma are about \$100 below that of the nation, according to the bulletin. National statistics are for the year 1919-20, which are the latest complete figures available. At that time the national average was \$871 a year for the average school teacher and Oklahoma was paying an average of \$786. Since the 1919-20 school year, it is estimated that Oklahoma is paying about \$100 more annually in salaries per teacher, but the national average is also known to have increased.

Oklahoma pays more per capita of the total population for its education than does the remainder of the nation. Japanese Baseball Team Believes Jinx in Crepe Decoration

TOKIO.—The members of the Azuba Middle School baseball team believe they have discovered why they have been losing their games lately.

They decided they wanted baseball uniforms such as are worn by American teams. They saw a photograph of the Cleveland American team in a magazine and took it to a tailor and told him to make uniforms for them just like those of the "Indians."

The uniforms were made. Then the Azubas began to lose. A fan from America saw the Japanese playing and asked them why each of them wore a band of crepe around his left arm. The Japanese denied they were in mourning and said they assumed the black band was part of the uniform.

Love is an experience.—It means comfort or competition.

Things That Never Happen

"Through pure carelessness, I broke one of your typewriters," said the visiting politician, "I want to reimburse the loss."

Reports from over town indicate that the youngsters coming out of the biddy overalls age are on a strike.

When the metamorphosis of youth took place in the olden days, Pa's long trousers were altered down to drape the slender frame of Johnnie and Willie and the other youngsters in the neighborhood.

Now indigent youngsters ing in one mighty howl—Ma has attempted to alter her petties to fit Johnnie and Willie.

This is too much for the male of the specie.

Fire sales may come and fire sales may go but who ever heard of a bootleggers' rum-age sale.

The restrictions for a perfect lady in this day of women suffrage declare that women must not chew tobacco or shoot men other than their husbands in public places.

One of the impossible things in life is the argument we wage with the policemen.

It costs more to amuse women of the present day than it did to feed, clothe and educate their daddies.

Every man who raves about the fact that there is just one girl for him is a careful student of the law of bigamy.

It would be impossible for us to say that the woman who stole a dozen bananas had entirely fruitless efforts.

The Flapper's Dream

She wants to be some one's angel. And before the preacher stand, To dump poor papa's worries, Upon her promised man.

If a woman's husband works in the bank and makes many rocks per week, she is either plump or frail—if he works on the section gang, she is either fat or skinny. That's their business.

After looking over some of our local wrecks on wheels, the announcement that Henry Ford has a sense of humor is not surprising to us.

HUGO—The Hugo National bank following its consolidation with the First National Bank of Hugo, has opened for business with all accounts of the First National having been transferred to the new company. Two hundred thousand dollars in doubtful assets has been cancelled by a like amount of capital stock of the two institutions having been turned over to the new bank directors. The capitalization remains at \$200,000.

Fort Worth Independents Take Breaks and Defeat Amateurs in First Game

Taking advantage of one base on balls, one error and a single at a critical moment, the Fort Worth Independents raced two runs across the plate and claimed an ignoble victory for the first of a three-game series here Sunday afternoon at the new city park.

With the exception of the sixth inning when the only runs of the game were scurried across the plate the game proved an air-tight pitchers duel between "Spit Ball" Murphy and Williams of the local club.

Ada's only indication of scoring came in the seventh inning when hits by Kaiser and Williams and error at the plate permitted Ada runners to camp on second and third base. The golden chance of scoring faded when Kirkpatrick and Young fanned the breeze at three strikes and left the bases occupied.

The performance of "Spit Ball" Murphy, while not above par with Williams counted as the heavy figure in the first game here. Murphy handled difficult situations with ease and settled down to work in critical periods. While the Ada tribe secured more hits off Murphy than Williams permitted and the strike-out records broke even at eleven, Williams allowed three walks to first plate while Murphy gave no free offerings.

A lengthy parley between field managers of both teams before the calling of the game, resulted in the announcement of Umpire Slack that the "spit ball" would be permissible.

The visitors' rally came in the sixth inning when Duffey walked and went to second on Kaiser's error and then scored on Rutledge's error of Collins' grounder. Collins was scored from second on Rae's single.

The Fort Worth club was pronounced one of the cleanest aggregations to visit the local diamond by Manager A. O. Green of the local club, this morning and personally assured fans of the good sportsmanship from both sides. The Ada and Fort Worth clubs meet here for games today and tomorrow.

Body of Hero is Sought by Georgia College Followers

LONDON.—An American institute of learning, Georgia University, has petitioned the ecclesiastical authorities for permission to do some digging in the Cranham Church, near Uppminster, Essex, to find out if the remains of General Oglethorpe are there. If the body is found, the university will ask further permission to ship it across the Atlantic and place it in a shrine at the institution.

There is no doubt he was buried in the church. There is a tablet to his memory on which it is recorded that he was born in 1696 and died in 1785. An Account is given also of his achievements. In June, 1732 with twenty associates, the General obtained a charter for the settlement of the Georgia Colony from King George II. He was the friend of many distinguished men of his time, among them Walpole, Goldsmith, Boswell, Burke and Pope. The last enshrined his name in a couplet.

Farmers' Column

By Byron Norrell

Cotton is beginning to move now and the growers are getting good prices. This week the season will get under full headway and with fair weather the crop will be out in good time. Some of the farmers tell me that weevils are showing up again and are getting the late squares, while others say they have not noticed any. Worms are thick everywhere and are fast destroying the leaves. The farmers in a scope of country around Union Hill have lost their crop as a result of the hail last week which is said to have wiped out everything in its path about two miles wide.

If any one wants to rid his crop of worms J. B. Hill offers the following recipe. Mix a pound of lead or calcium arsenate with five pounds of air slaked lime. Put in 2 flour sacks suspended to the ends of a pole. The pole should be carried on a horse and dusted well on the rows of cotton on either side. This mixture is said to be speedy death for any sort of insect that eats it.

W. M. Carter of Oakman says that he is uncertain just how the peanut crop is going to turn out this year. The plants are putting on more peanuts but he thinks that the old nuts already on the vines may possibly sprout. He says the vines are putting on a vigorous growth since the rain. Oakman has for several years been a sort of center for peanuts and Mr. Carter says there is a considerable acreage this year.

Produce Market Review.

CHICAGO, Sept. 8.—The Chicago butter market on Standards showed little change during the week. Abundant rains throughout the producing sections have made more favorable conditions and an increase in the make may be expected.

There has been a marked tendency during the past two years toward increased production through

the fall and winter months, which is a desirable situation.

Markets on live poultry have held pretty steady during the week due to the unusual demand occasioned by the Jewish holidays, September 11 and 12.

The market on dressed poultry has been affected by the low price at which frozen poultry has been sold. Those who read the review regularly will recall that the holdings in storage are greater than the previous year, resulting in lower average selling prices.

Each week sees a larger proportion of spring chickens reaching the market, and as the supply increases, it will probably affect both the buying and selling prices.

There is a good demand for current use for fresh eggs and they are selling at good prices. Stock which has been held back in the hands of the producer or country dealer is discriminated against and sells at a considerable discount.

There is every indication of continued good demand for fresh and storage eggs during the next three months.

VISITORS: make this store your headquarters during the Fair.

Come to the Pontotoc County Fair, September 12th to 15th

Display your own products; see what your neighbor has done. Its some trouble to get farm products and stock ready to show; but it's worth the effort. Pontotoc County Fair prizes are substantial and liberal; the daily program entertaining and instructive. Above all is the advantage to be derived from friendly discussion among people who are devoting their energies to work along the same lines. See what the other fellow is doing; tell him what you have done.

It's Not Too Early to Think About Fall Clothes

We invite you to see the goods we have assembled for the beginning of the Fall season. The styles are correct; the prices moderate. No trouble to show goods, whether you want to buy now or not.

For men we offer the newest Fall clothes from Hart Schaffner & Marx and other good clothes makers; Hats from Stetson and Mallory in new shapes and colors to meet the demands of any man; Shoes from Edwin Clapp and Beacon; Metric shirts, Sure-fit caps, Cooper's underwear, Marx Made corduroys, Interurban Special work clothing—all merchandise of sound value and reasonable price.

For women we have a choice selection of coats, suits and dresses that you will admire and approve. Our Millinery Department has a splendid showing of Fall hats and our Shoe Department is unexcelled for good shoes at fair prices.

Our Piece Goods section is filled with desirable fabrics in silks, cottons and woolen goods, that offer a wealth of suggestions for making up Fall and Winter Garments.

Good styles that men and women will wear this Fall---here ready for you now
